

16th Annual Conference of the International Network of Analytical Sociology

May 30–31, 2024

Preliminary program

Thursday, May 30

9:00-9:30	Registration and opening of the conference: <i>Albertina Café Alibi</i>			
9:30-11:00	Parallel sessions			
	1: Social networks Chair: <i>Tim Müller</i>	2: Crime and terror Chair: <i>Anina Schwarzenbach</i>	3: Social norms Chair: <i>Eva Vriens</i>	4: Cumulative advantage Chair: <i>Martin Arvidsson</i>
	Social exchange and interracial solidarity: What interdependence structures of adolescent networks can lead to the diversity of adulthood networks? <i>Yunsub Lee (Autonomous U Barcelona)</i>	Online and offline effects of terror attacks on public opinion <i>Mark Wittek and Maximilian Pickartz (U Cologne)</i>	The low-cost hypothesis revisited: Empirical evidence for its conditional validity <i>Peer Keßler and Sascha Grehl (Leipzig), Andreas Tutic (Bergen)</i>	Cumulative advantage of social capital and the dynamics of inequality <i>Anna Sokolova (U Mannheim)</i>
	Cross-class relationship formation and political polarization <i>Jona de Jong (European University Institute)</i>	A cry for help: a factorial survey on witnessing religiously motivated hate crime <i>Sophie Litvak (U Helsinki)</i>	Risk, sanctions, and norm change: The formation and decay of social distancing norms <i>Giulia Andrighetto (National Research Council of Italy)</i>	Cumulative advantage and talent are generically confounded in longitudinal data on success <i>Alexandros Gelastopoulos (U Southern Denmark)</i>
	Ways of knowing across societies: two-mode personal networks reveal structure, commonalities, and differences in foci of social interaction between countries <i>Raffaele Vacca (U Milan)</i>	Extremists of a feather flock together? Community structures, transitivity and patterns of homophily in the US Islamist co-offending network <i>Anina Schwarzenbach (U Bern)</i>	Sensitivity to risk and norms: The interplay between social and environmental uncertainty <i>Eva Vriens (National Research Council of Italy)</i>	The role of luck in the life course: A qualitative approach <i>Arnout van de Rijt (European University Institute)</i>
	The generalized friendship paradox, biased variance in networks and perceived inequality: An empirical test in 24 countries <i>Tim Müller (Humboldt U Berlin)</i>	Understanding the mechanisms that drive relational events dynamics in corruption networks <i>Tomáš Diviák (U Manchester)</i>		The multiplicity of luck and cumulative advantage across the life course <i>Martin Arvidsson (Linköping U)</i>

11:00-11:30	Coffee break: <i>Café Alibi</i>			
11:30-12:30	Keynote address Legitimacy and Linguistic Adaptation Laura Nelson (University of British Columbia) <i>Albertina Lecture Hall</i>			
12:30-13:30	Lunch break: <i>Café Alibi</i>			
13:30-15:30	Parallel sessions			
	5: Neighborhood segregation Chair: <i>Laura Fürsich</i>	6: School network segregation Chair: <i>Georg Lorenz</i>	7: Gender segregation Chair: <i>Anica Waldendorf</i>	8: Polarization Chair: <i>Amalia Alvarez-Benjumea</i>
	Modelling segregation processes in hybrid housing markets <i>Benjamin Jarvis (Linköping U)</i>	Socio-economic inequalities and adolescents' friendships in school <i>Till Hovestadt (Leipzig U)</i>	Understanding the effect of interdependent mobility of men and women on occupational sex segregation <i>Alexandra Rottenkolber (Linköping)</i>	Trust-based information filtering can form polarising group identities <i>Fredrik Jansson (Mälardalen U)</i>
	How do social network features shape segregation? A simulation study <i>Laura Fürsich (Linköping U)</i>	Structural sources of segregation: How classroom composition shapes interethnic friendships <i>Georg Lorenz (Leipzig U)</i>	The various roles of coworker networks for gender inequality <i>Malte Reichelt (U Nuremberg)</i>	A computational analysis of the syntactic usage of lifestyles in US congressional speeches, 1949-2016 <i>Elida Izani Ibrahim (Stockholm U)</i>
	Preferences, income and investment: A socio-economic model of residential segregation and neighborhood change <i>Malte Grönemann (U Mannheim)</i>	Everyday Perceptions of Similarity and Attribute Consolidation in School: When does Demographic Similarity Equal Perceived Similarity? <i>Senami Hotse (U Bonn)</i>	Harry and Sally: Intersecting perspectives and gender segregation <i>Thomas Grund (RWTH Aachen)</i>	Assessing cultural bundles in Sweden: A study of lifestyle polarization <i>Felix Lennert (Politechnique Paris)</i>
	Bubbles or bridges? The impact of homophily on segregation in civic life and neighborhoods <i>Kasimir Dederichs (Oxford U)</i>	Intergenerational social networks and social integration: Do student friendships stimulate interethnic parental ties <i>Zsofia Boda (U Essex)</i>	Investigating gender bias in United Nations General Assembly speeches: A text mining approach using LDA topic modeling <i>Saumya Tripathi (Binghamton)</i>	Norms of prejudice: political identity and polarization <i>Amalia Alvarez-Benjumea (Spanish National Research Council)</i>
	Beyond proximity: Clustering of organic neighborhoods using a two-stage unsupervised learning approach <i>Kerstin Ostermann (IAB Nuremberg)</i>	Friendship segregation and class placement in schools around the world: Uncovering the potential of attribute consolidation to promote diversity in school friendships <i>Susanne Böller (U Bonn)</i>	The equalising potential of language: Can gender-inclusive language change behaviour? <i>Anica Waldendorf (European University Institute)</i>	Polarization on social media: German Twitter trends 2021-2023 <i>Eckehard Olbrich (MPI Mathematics in the Sciences)</i>
15:30-16:00	Coffee break: <i>Café Alibi</i>			

16:00-17:30	Parallel sessions			
	9: Philosophy of science Chair: <i>Arnout van de Rijt</i>	10: Networks and markets Chair: <i>Renata Topinkova</i>	11: Health Chair: <i>Elisa Bellotti</i>	12: Religion Chair: <i>Johanna Gereke</i>
	Social mechanisms and growth of knowledge <i>Petri Ylikoski (U Helsinki)</i>	The magic of the marketplace: A social network analysis of the cryptocurrency market <i>Marco Venturini (U Milan)</i>	Far-right mayors and healthcare chauvinism: Evidence from a field experiment in Italy <i>Merlin Schaeffer (U Copenhagen)</i>	Religious pluralism and religious decline: How network exposure to religious pluralism influences baptism <i>Elis Carlberg Larsson (Linköping U)</i>
	Concatenating social network mechanisms <i>Christian Steglich (U Groningen, Linköping U)</i>	Limits of leveraging firm networks: Impacts of intermarriage and political ties on new market Entry <i>Zong-Rong Lee (Academia Sinica, Taiwan)</i>	The spread of medications assisted treatment in the United States 2011-2021 <i>Patrick Kaminski (Indiana U Bloomington)</i>	The civic legacy of a religious upbringing: Religiosity and volunteering on the way to adulthood <i>Dingeman Wiertz (U College London)</i>
	The reduction of psychology in sociology: The role of influence-response functions in tackling the micro-macro problem <i>Michael Mäs (Karlsruhe Institute of Technology)</i>	Old boys in the making of business. The role of social connections in the creation and persistence of business relations <i>László Lőrincz (Corvinus U)</i>	Complex contagion and negative influence in the adoption of malaria preventive measures: an empirically-calibrated agent-based model <i>Federico Bianchi (U Milan)</i>	How does the interplay of religion and religiosity shape social boundaries between Muslims and non-Muslims? Experimental evidence on mutual evaluations in Germany <i>David Kretzschmer (Oxford U)</i>
	Practical computational analytical sociology <i>Haiko Lietz (GESIS Cologne)</i>	How (not) to fix online dating: An empirical assessment using computational and experimental methods <i>Renata Topinkova (LMU Munich)</i>	Social networks explain malaria prevention behaviors in rural communities of Meghalaya, India <i>Elisa Bellotti (U Manchester)</i>	Trust in beauty or trust in faith? The perceived trustworthiness of religious Muslim women in Germany <i>Johanna Gereke (U Mannheim)</i>
17:30	Merton Award Ceremony & Conference Cocktail Dinner: <i>Café Alibi</i>			

Friday, May 31

9:00-10:30				
Parallel sessions				
	13: Migration and diversity Chair: <i>Jonas Wiedner</i>	14: School networks Chair: <i>Dorottya Kisfalusi</i>	15: Major crises Chair: <i>Sven Banisch</i>	16: Scientific careers and publishing Chair: <i>Ana Macanovic</i>
	Seeking diverse applicants: Diversity rationales and the demographic composition of applicant pools <i>Janet Xu (Stanford U)</i>	Social status, anti-school behaviour, and classroom SES composition <i>Isabel Raabe (U Zurich)</i>	Temporalities of climate change in U.S. media (2000-2021) <i>Oscar Stuhler (Northwestern U)</i>	Scientific interactions and their consequences on inequality: A mechanism-based perspective <i>Lucas Sage (European University Institute)</i>
	International employee 'diversity' recruitment practices in the United States <i>Neha Gondal (Boston U)</i>	Who experiences increased ethnic diversity at school? A comparative study of the effects of macro-structural changes and school admission rules using PISA data <i>Hanno Kruse (U Bonn)</i>	A social tipping intervention to promote the adoption of reusable food packaging solutions <i>Gian Luca Pasin (National Research Council of Italy)</i>	Gendered accumulation of fame: Effects of cumulative advantage and network spillovers on representation of Dutch professors in media <i>Ana Macanovic (Radboud U)</i>
	Cultures of reciprocity, revenge, and reputation: The role of beliefs and preferences in the enforcement of cooperation <i>Max Otto (U Mannheim)</i>	Uphill struggle against sustained discrimination in grading <i>Károly Takács (Linköping U)</i>	Coupled infectious disease and behavior dynamics <i>Andreas Reitenbach (Karlsruhe Institute of Technology)</i>	Does specialization matter? Analyzing the link between research focus and academic career success <i>Lisa Wunsch (U Wuppertal)</i>
	Can migration disrupt the transmission of inequality across generations? <i>Jonas Wiedner (WZB Berlin)</i>	Are high-performing Roma minority students perceived as acting white or passing for white? <i>Dorottya Kisfalusi (Centre for Social Sciences, Budapest)</i>	Exploring the influence of opinion distributions on pandemic evolution <i>Fabio Sartori (Karlsruhe Institute of Technology)</i>	How editors shape who and what gets published: A large-scale analysis of editorial transitions in the social sciences <i>Andrew Herman (U Copenhagen)</i>
10:30-11:00				
Coffee break: <i>Café Alibi</i>				
11:00-12:30				
Parallel sessions				
	17: Cultural change Chair: <i>Anastasia Menshikova</i>	18: Social movements Chair: <i>Juliette Saetre</i>	19: Opinion dynamics and misinformation Chair: <i>Mathias Wullum Nielsen</i>	20: Science of science Chair: <i>Jacob Habinek</i>
	Opinions on hard-to-discuss topics change more via cohort replacement <i>Stephen Vaisey (Duke U)</i>	Cohesion and continuity in social movements: Issue-changing SMOs as integrators and generational brokers <i>Marcel Kappes (U Mannheim)</i>	Simulating downward spirals of outgroup dislike in empirical school networks <i>Alla Loseva (U Groningen)</i>	Why social norms matter: Determinants of misconduct in German-speaking academia <i>Vincent Oberhauser (U Zurich)</i>

	A model of cultural change <i>Pablo Bello Delpon (Duke U)</i>	Disagreement in the local context: How neighborhood networks shape cohesion and political participation <i>Christoph Zangger (U Bern)</i>	Consistent micro- and macro-level calibration of an argument-based model of opinion dynamics <i>Sven Banisch (Karlsruhe Institute of Technology)</i>	The duality of authors and concepts in sociological theory <i>Jan Fuhse (HU Berlin)</i>
	Cross-national diffusion of cultural interests is largely shaped by path-dependence <i>Minsu Park (NYU Abu Dhabi)</i>	A matter of respect –how social recognition for an East-German identity influences populist attitudes and party sympathy <i>Stephanie Jütersonke (Tübingen U)</i>	Speak up against fake news! Meta-norms nudges against misinformation sharing <i>Eugenia Polizzi (National Research Council of Italy)</i>	Unveiling the sociological dynamics of chemistry: exploring the expansion of chemical space and its implications <i>Guillermo Restrepo (MPI Mathematics in the Sciences)</i>
	Reputation and success in the global literary field <i>Matthias Kuppler (U Siegen)</i>	Transcending borders: the role of Chilean migrants in the transnational diffusion of Un Violador en tu Camino <i>Juliette Saetre (European University Institute)</i>	The role of scientists in correcting misinformation: Political framing and source characteristics <i>Mathias Wullum Nielsen (U Copenhagen)</i>	Social and cultural closure in awarding the Nobel Prize in Physics <i>Jacob Habinek (Linköping U)</i>
12:30-13:30	Lunch break: <i>Café Alibi</i>			
13:30-15:00	Parallel sessions			
	21: Mechanism design Chair: <i>Marijn Keijzer</i>	22: Discrimination Chair: <i>Mauricio Salgado</i>	23: Text analysis of (social) media Chair: <i>Miriam Hurtado Bodell</i>	24: Economic and organizational sociology Chair: <i>Hendrik Erz</i>
	Qualified lotteries can neutralize conflicts of interest in the appointment of individuals to positions of power <i>Malte Doehne (U Zurich)</i>	Unpacking welfare discrimination: Do claimants' ethnic background and phenotype influence natives' support for welfare policies? <i>Toni Gamundi (U Carlos III Madrid)</i>	Applying the geometry of culture approach to understand multi-dimensional well-being <i>Hiroki Takikawa (Tokyo U)</i>	Does improved upward social mobility foster and conflict? A large-scale online experiment testing Boudon's model <i>Andreas Diekmann (ETH Zurich)</i>
	Quantity over quality? Rating dynamics in online markets <i>Paul Schuler (U Edinburgh)</i>	More information, less discrimination? An experimental study on paper and video applications regarding ethnic discrimination <i>Juliane Kühn (U Nuremberg)</i>	Decoding normative conflict: A computational approach to normative decision making on Reddit <i>Felix Ries (Leipzig U)</i>	Comparing social learning strategies in organizations: Simulation and empirical evidence in patent data <i>Qiankum Zhong (MPI Human Development)</i>
	The committee curse: why winners in contests are largely overrated <i>Pantelis Analytis (U Southern Denmark)</i>	Them and us: The immigrant through natives' eyes <i>Mauricio Salgado (Centro de Estudios Públicos, U Andrés Bello Santiago de Chile)</i>	The parallel evolution of online and media immigration discourses <i>Anastasia Menshikova (Linköping)</i>	From the boardroom to the bedroom: The expansion and abstraction of management as a cultural logic <i>Ziwen Chen (Stanford U)</i>

	Social distinction or actual disagreement? Experimental evidence from a coordination game for political decision-making <i>Marijn Keijzer (U Toulouse)</i>	3D social research: Analysis of social interaction using computer vision <i>Nicolas Legewie (U Münster)</i>	Mainstream media, social media, and the ethnic reputations of neighborhoods <i>Miriam Hurtado Bodell (Linköping)</i>	Markets as actors: Congressional speech between regulation and market freedom <i>Hendrik Erz (Linköping U)</i>
15:30-16:00	Coffee break: <i>Café Alibi</i>			
16:00-17:00	Panel discussion Diverse Data Types: Catalyst for Theory Building and Testing in Analytical Sociology <i>Albertina Lecture Hall</i>			
17:00	Farewell Party: <i>Entrance Hall Social Science Department</i>
